Physicians turn to us as a reputable, proven, partner.

What Physicians Say About EHD

"I have worked in partnership with the consummate professionals of Executive Home Detox for over two decades. They use the greatest discretion, caring for patients challenged with complicated substance use issues. I look forward to our continuing collaboration."

*Alex Vuckovic, MD
Medical Director, Pavilion Unit,
McLean Hospital
Board Certified American Board of
Psychiatry and Neurology,*

"It isn't just the EHD philosophy that makes it stand out. The attention to detail given each patient is unmatched... I have seen amazing miracles in the field of recovery. It continues each and every day, thanks to the healing achieved with Executive Home Detox."

*Michael Strolla, DO, MRO, DABAM
Board Certified American Board of
Addiction Medicine (FASAM),
ASAM Fellow*

"Bill and his Executive Home Detox team bring a combination of expertise, compassion, and support that is unmatched. They make the prescribing doctor feel confident, and more importantly the patient feel at ease. And care does not end when the detox is complete. EHD is dedicated to helping clients get on the road wellness."

*Jeremy Barowsky, MD
Board Certified American Board of
Psychiatry & Neurology, American
Board of Addiction Medicine.*

The Physician's Preferred Partner

Experienced

Detoxification is serious, urgent, complicated and highly individual. Physicians know that EHD is ready for any eventuality.

Innovative

EHD offers secure, undisclosed, in-home detox in over 45 states, giving physicians an additional option when caring for patients.

Collaborative

The prescribing physician is informed at every step of EHD's treatment so they can immediately address any changes in symptoms.

15 Years of Client Success

Private, Personal, Effective

Executive Home Detox (EHD) cares for high-profile clients who struggle with alcohol and drug misuse and resist treatment for fear of losing their reputation and livelihood. For over 15 years EHD has administered the highest level of individualized clinical treatment on par with in-hospital management.

Unparalleled Expertise

Founder and President of Executive Home Detox, Bill Carrick, is a Masters-prepared Certified Addictions Registered Nurse (CARN) with over 40 years of experience in behavioral health and addiction. He hails from such institutions as Massachusetts General Hospital and McLean Hospital. Bill understands addiction from the inside out. Now in his third decade of recovery, Bill has a personal understanding of addiction that benefits every patient he treats.

The Executive Home Detox team includes 8 seasoned Registered Nurses, each with a specialization in medical detoxification treatment. Additional medical professionals including Psychologists, Social Workers (SW's), and Licensed Alcohol and Drug Counselors (LADC's) are incorporated into the care team as needed.

Trusted Partnership

EHD works closely and discretely with the prescribing physician to administer seamless care on behalf of their patients. Communication is ongoing so the prescribing physician is always aware of any changes in symptoms.
